

**AMERICAN SOCIETY OF CRIME LABORATORY DIRECTORS  
LABORATORY ACCREDITATION BOARD**

February 4, 2013

Major Clark Rollins  
Idaho State Police Forensics Services  
700 South Stratford Drive  
Meridian, Idaho 83642

Dear Major Rollins:

During the January 12, 2013, meeting of the ASCLD/LAB Board of Directors, the Board considered your request to extend the ASCLD/LAB-*International* Program accreditation for the three (3) laboratories of the Idaho State Police Forensic Services (ISPFS) located at Meridian, Pocatello and Coeur d' Alene.

I am pleased to inform you that the Board granted an additional six month extension of accreditation, for each laboratory, under the ASCLD/LAB-*International* Program from March 28, 2013 until September 28, 2013.

You should continue to work with Lead Assessor Richard Frank as he completes the assessment process. It is the Board's practice to not extend accreditation beyond one year, except under very extenuating circumstances.

If you have any questions related to this extension, please feel free to contact ASCLD/LAB Accreditation Program Managers Tracy Cheaney-Plummer, John Neuner or myself.

Sincerely,

*Ralph M. Keaton*

Ralph M. Keaton  
Executive Director
